

## Contracted Insurances (in network)

We are contracted with the following **PPO Networks**:  
(see below for HMO plans)

Aetna  
Anthem Blue Cross  
InterPlan (some HealthNet plans say NPPN)  
Medicare Part B  
Pacificare  
United Healthcare  
Tricare

## Non-Contracted Insurances

If your insurance network is not listed above, we are glad to provide the highest quality dermatology services to you. We routinely bill non-contracted PPO plans as a courtesy to our patients. However, our staff is not responsible for providing you with information about how much your insurance will pay or how much your out-of-pocket costs will be. Your insurance is your best source of information regarding that.

We will collect 30% of the total bill at the time of service. The entire unpaid balance left after your insurance is billed is your responsibility regardless of the benefits of your plan.

We are also happy to see patients with HMO plans on a self-pay basis. We do not bill HMO plans.

I understand the above information and that the payment for services I receive is my responsibility, signed:
